

REMARKS

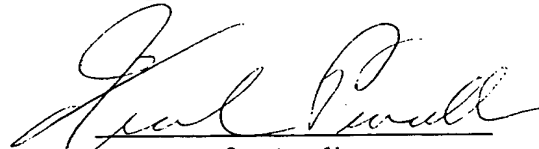

The Examiner in the Official Action objected to the title as being misdiscriptive. By this amendment a new title has been provided which applicant respectfully submits is in line with the claims as currently set forth.

The Examiner also objected to the claims under 35 USC § 112, second paragraph for the reasons set forth in paragraph 6. By this amendment, applicant has amended the claims. The Examiner has indicated that claims 15 and 26 are objected to as being dependent upon a rejected base claim but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. In this regard, independent claims 12 and 23 have been amended accordingly to include the appropriate claims. In particular, claim 12 has been amended to include the limitations of claims 13 and 15 and claim 23 has been amended to include the limitations previously set forth in claims 24 and 26. Accordingly, it is respectfully submitted that claims 12-33 are in condition for allowance.

Applicants have also provided a new independent claim 34 which is similar to claim 30 and is distinguished over prior art in that there is provided a limited edition stamp having a first indicia which comprises a unique ID. None of the prior art references teach or suggest the providing of a unique ID with the limited edition stamp.

Accordingly, it is respectfully submitted that the claims in the present form are in condition for allowance and such action is respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Paul Pincelli", written over a horizontal line.
